

# Discord Joining Handbook

## Welcome to the Codebasics Discord Support!

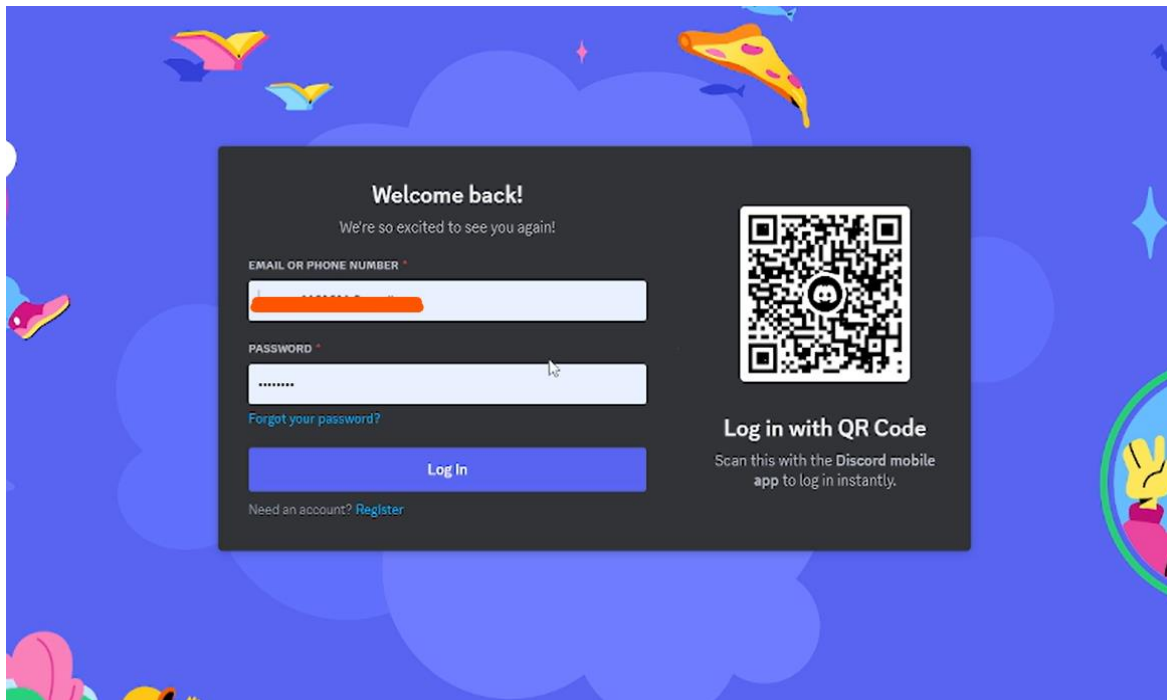

This is a specific server for all the paid course/bootcamp learners of Codebasics.

Below are the details on how to join Discord and access the channels to get your doubts answered.

Open the any non-free video of the course/bootcamp and look for the “**Ask Questions (on Discord)**” button.

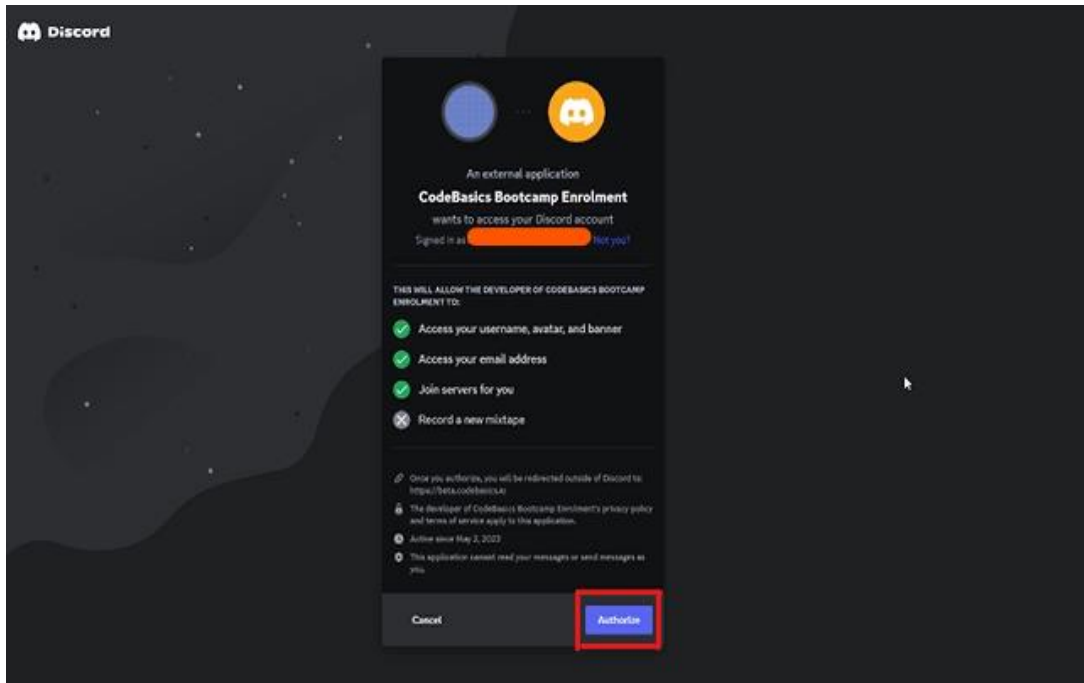

Click on the button, it will redirect you to the Discord.

Enter your Discord credentials, and log in. If you don't have a Discord account, register a new one and log in (make sure to verify your email address after registering)

You will land on the below page, after logging in.

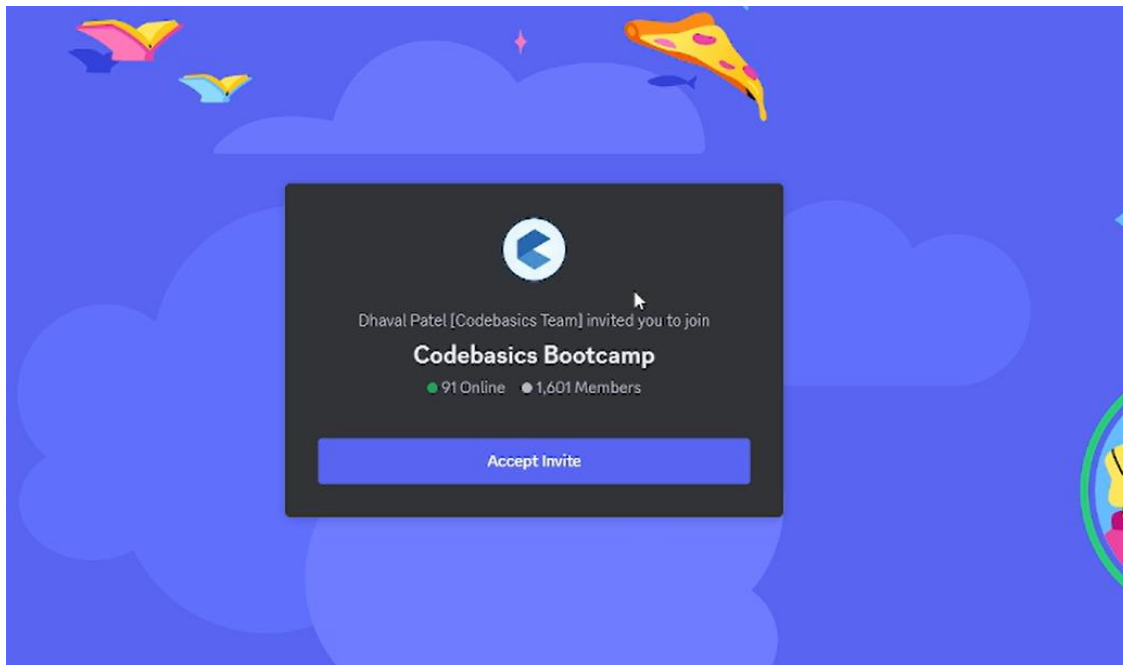

## Discord Joining Handbook

Click on the **“Authorize”** button.

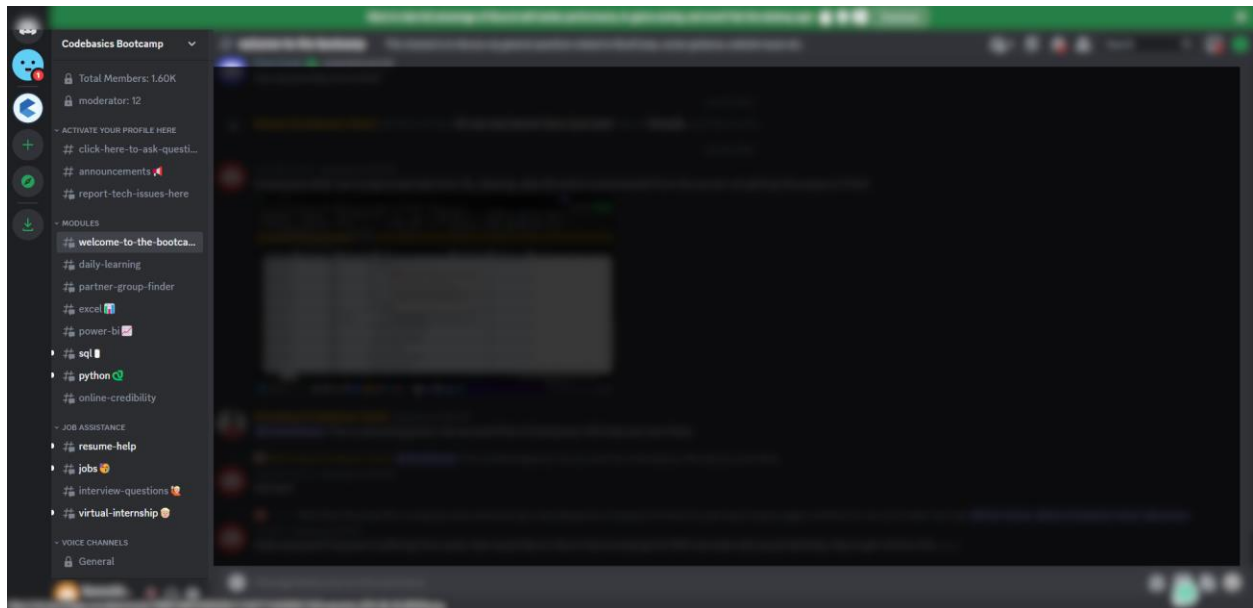

**Note:** You can link only one Discord account to your Codebasics account. If you have already linked another Discord account, this page will not appear again. ([Check FAQ-2](#) for the steps to resolve)

It will redirect you to the invite page - **Accept** the invitation.

## Discord Joining Handbook

You will get to see the channels based on the course/bootcamp you have enrolled in. (Refer to the “[Course/DA Bootcamp Access details](#)” table in end of this document to get to know the channel access details)

## How to access upcoming module-related channels?

To unlock new roles and gain access to additional channels as you progress in the bootcamp, simply navigate to the latest lecture and click on the **"Ask Questions (On Discord)"** button located below the lecture.

This action will redirect you to Discord and automatically assign your new role in the backend.

Tip: If access isn't granted immediately, try refreshing or restarting Discord.

## FAQs

1. **I have tried doing the steps, but still not able to get access to the Discord Channels. What should I do?**

Reach out to our team either on #discord-migration-support channel or write a mail to [info@codebasics.io](mailto:info@codebasics.io)

Mention your mail ID which you have used on our website while reaching out to us.

2. **I have mistakenly linked to another discord account, and I don't have access to it, I want to get the access in my new Discord account now. How can I do that?**

This is something you can't do alone. We must unlink your old account first. Reach out to us either on #discord-migration-support channel or write a mail to us at [info@codebasics.io](mailto:info@codebasics.io)

3. **I'm in SQL module (only for DA bootcamp learners), but I'm not able to message in #sql channel, how can I get access to it?**

I'm in Virtual Internship, but not able to message in #virtual-internship channel.

[Refer to this part and follow the steps.](#)

4. **Having issue with Discord log in/account creation.**

Write a mail to [info@codebasics.io](mailto:info@codebasics.io), we will support you.
